FOUR MINUTE MEN TO TALK ON RED CROSS

In connection with the big drive for the Red Cross, after the first show on each evening, December 18, 19, 21 and 23, one of the four minute men will make a brief address for this cause. The names of the speakers are withheld to give a bit of surprise to the occasion. The committee is very much indebted to these prominent men for their services, as well as to Mr. Smith, who has kindly donated the use of his theater.

Aside from all feelings of human kindness, it is the duty of every person to help this cause. It is the one big organization that is always ready to step in, always ready to answer any cry for help. It does not ask for any particular color or creed, it helps humanity. Individually one can do so little in a great disaster; collectively, working under a finely organized body, one can do so much. Members are needed, funds are needed, and the Red Cross must have both to carry on the wonderful work.

At the Red Cross sewing rooms work in all departments is progressing wonderfully, but naturally this drive must take precedence over the sewing for the next ten days. Perhaps the youngest knitter of Tonopah made her bow Monday last in the person of little Barbara Horton, who, not content to have two generations of Hortons working for their country, added a third when she presented a muffler, sixty-eight inches long and perfectly exquisitely made by her own hands entirely. More wool is expected daily and it is hoped that more knitters will call for the same and do their part to keep warm the chap who is fighting not only the enemy, but cold and all other kinds of hardships.

MISS STINSON NERVOUS.

(By Associated Press.) SAN FRANCISCO, Cal., Dec. 12.—A slight nervousness was the only evidence today of the strain on Miss Katherine Stinson, who yesterday established the American non-stop record by flying 610 miles, from San Diego to San Francisco, in nine hours and ten minutes.

BIG BASEBALL DEAL INVOLVES \$50,000

(By Associated Press.) NEW YORK, Dec. 12.—The biggest baseball deal in some seasons was completed here yesterday when the Philadelphia National league club sold Pitcher Grover Alexander and Catcher William Killefer to the Chicago Nationals for a cash consideration and a Cub battery. The money involved is said to be considerably in excess of \$50,000, and the two Chicago players who will wear Philadelphia uniforms next season are Pitcher Prendergast and Catcher Dillhoefer.

There is a war time clause to the deal, which presents a remote possibility that the contract might fall through, as the agreement contains a rider to the effect that in case either Alexander or Killefer is drafted any time previous to thirty days before the opening of the 1918 National league season the deal shall be automatically cancelled.

Neither President Charles Weegman of Chicago nor President William F. Baker of the Philadelphia club would state the amount of money involved in the transaction.

CREATE CENTRALIZED PURCHASING BOARD

(By Associated Press.) WASHINGTON, Dec. 12.—Creation of a general food purchase board to co-ordinate the buying of foodstuffs for the army and navy and for the allied governments was announced last night by Food Administrator Hoover. Members of the board were named by Mr. Hoover with the approval of the secretaries of war and navy. They are: Paymaster General Samuel McGowan of the navy, chairman; Major General Henry G. Sharpe, quartermaster general of the army; W. V. Thorn, chief of the food administration's division of co-ordination of purchases and representative of allied purchasers, and F. J. Scott of the federal trade commission.

"The functions of the board," said Administrator Hoover, "are far-reaching. The plan is to co-ordinate the purchasing as to place it strictly on an official basis and to disturb as little as possible market conditions."

AMUSEMENTS

NEW STAR AT THE BUTLER.

Taylor Holmes, the celebrated stage star, is making his debut on the screen in "Efficiency Edgar's Courtship," which will be shown at the Butler this evening. Mr. Holmes is probably the best known comedian on the speaking stage. His latest success, "His Majesty Bunker Bean," sent a ripple of laughter across the continent and broke all theatrical records in New York and Chicago. Mr. Holmes won his fame on the stage by his clever portrayals of subtly humorous roles, and he has been provided with exactly the same type in "Efficiency Edgar's Courtship." The picture was adapted from the story by that name written by Clarence Mudgett Kelland, and published in the Saturday Evening Post. The picture is brimming with homely humor and situation which are ridiculously real. Nothing has been spared in its staging, as the scenes are lavish. The photography is excellent, making it one of the very best comedy-dramas that has been shown on the screen in some time past, and in addition to the feature the latest release of Hearst-Pathe News will be shown.

Tomorrow, Bessie Love, who made such a decided hit here a short time ago in "The Sawdust Ring," will appear in "Wee Lady Betty," a sparkling play of the Emerald Isles.

Coming—Mary Pickford, Christmas day, in "The Little American."

Soldiers undergoing medical treatment will have their bodily wants attended to and will be taught a trade at the same time, according to the plan.
